

Unit Pin

Access: 

Updating your unit pin can be done in my.scouting under Organization Manager.

Make sure the check mark is visible on both of these so that your unit appears on BeAScout and allows people to apply online.

Add your unit's primary contact information.

Include meeting times, answers to FAQ, activities your unit participates in, etc. (NOTE: Remember these are usually new people who are probably not familiar with Scouting. It may not be beneficial to say "Tigers meet on Monday," instead say "1st graders meet on Monday.")

Verify correct meeting address.

This is what your Unit Pin will look like on BeAScout.

Only the items with a checkmark will show up in your Unit Pin.

Be sure to SAVE if you've made any changes!
